SELECTED PROJECTS

- Seaton Implementation Plan – Retained by Ontario Realty Corporation as the Lead Planning Consultant on a Team led by BDP Inc. to develop an implementation plan for a sustainable community in Seaton. Involves ongoing planning analysis and advice on a preferred implementation strategy as well as coordination with key public and private stakeholders. Produced a planning report which consolidated relevant provincial, regional and municipal planning policies. Conducted an extensive policy and best practice review of the current North American sustainability context to determine ambitious targets and indicators for Seaton. The next phases of the project will involve organizing and planning and design workshop for stakeholder group, helping develop built form options, and providing advice on a marketing and transit phasing strategy to accommodate projected population and jobs.
- 1670 Bayview Avenue – Managing the approvals process and providing planning analysis for an office condominium conversion in the City of Toronto.
- City of Ottawa Integrated Street Furniture Program – Team lead on research, analysis and writing of Ottawa's Integrated Street Furniture Policy and Design Guidelines. Organized a Workshop with Ottawa's professional design community, assisted in writing a financial feasibility study and ongoing input on RFP development.
- York Region Transit Coordinated Street Furniture Program – Writing, researching and reviewing the project's Request for Proposal, Request for Information and financial feasibility study. Produced a street furniture delivery methodology matrix which compared several different contract delivery options and advised the Region on the preferred option. Assisted in writing the Coordinated Street Furniture Design Guidelines. Conducted industry consultations, leading to advising the Region on the scope and range of the program.
